Ultimate Sense

美感的層積／美覚の積層

1,
Li Jing round fan
李唱围扇／李唱団扇

Hera look book of vintage fashion of Chinese supermodel Liu Wen become popular，designer $L$ L Jing of the round fan that she held，therefore becom
famous．Lis studied business administration in univesity and change to cranhic famous．Lis studied business administration in university and change to graphic
design in postgraduate，it become the turing point of this life．He likes Beiiin opera and Kunqu Opera，was deeply imperssed by China＇s traditional handicraft Kingfisher Feather Art，old siviver iewelry，round fan and folding fan．In 2013 he founded a round fan studio in Suzhou．＂Before this，friends often took the old fan to ask me to design new fan or recover，then l established the studia
naturally．＂Li＇s round fans have various kind and material diversity，the craft o
 and handele is unicue ddilicate，both has China anciently and tashion features． L hink that the purssuit of beaut is consistent with ancient and modern，Chinese feappear the ancient Chinese literati eestheicics．Old craft such as k ＇o－ssu flat and King fisher Feather Art match up with western－style inlay technology，the K－ssu flat match colorful butereflies and siver carve engraves jade orchid，etco． Li passed his design on to the craftsmen of $\mathrm{K}^{\circ}$－．ssu，embroidery，carpenter．
Chinese laccuer，folding fan，pyrography in Suzzou to finsh．Ancient round tans production was cooperated by many people，＂I will go to understand the process and problems，and control on the whole．＂Now L＇st workis sery $\begin{aligned} & \text { poppurar } \\ & \text { with the customers though the price is expensive．The market is close and sales }\end{aligned}$ with the customers though the price is expensive．The market is close and sales
mainly rely on word of mouth，but he said＂let it be＂is his aim，he would raise more traditional handicratts on the round fan．
